# ADD MORE VALUE...

FOR A SMALL EXTRA FEE  
YOU CAN CHOOSE A  
STAMPED RING FOR KEYCHAINS  
MADE OF RECYCLED PLASTIC

WE USE  
RECYCLED  
MATERIAL

OUR STAMPED RING IS A CHROME-LOOK RING, STAMPED WITH "RECYCLED PLASTIC" ON ONE SIDE AND "MADE IN THE NETHERLANDS" ON THE OTHER SIDE.

## WHY DO WE USE RECYCLED MATERIAL?

By using recycled materials from other industries, we help to reduce the waste of material and the pollution that can occur in the process of disposing of the waste. Less energy is also spent on sourcing and processing than if the raw materials were to be new. The quality is high...it's a win-win!

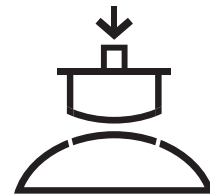

## THE PROCESS

WE BUY PLASTIC WASTE  
FROM OTHER INDUSTRIES  
AND USE IT AS MATERIAL  
FOR OUR PRODUCTS

WE PRODUCE  
THE ARTICLES AT OUR  
FACILITIES IN  
THE NETHERLANDS

WE USE PAD PRINT OR  
DIGITAL PRINT TO TRANSFER  
OUR CUSTOMERS LOGOS  
TO THE PRODUCTS

...AND WE ARE NOW READY TO PACK AND SHIP!
